The life & style

“ One West Point will be so much more than West London's finest residential landmark - **it will offer a totally unique lifestyle**, the likes of which have never been seen before in the Capital ”

One West Point will be
2 minutes walk to tube services and just
6 minutes to Crossrail -
together delivering
London connectivity
second to none

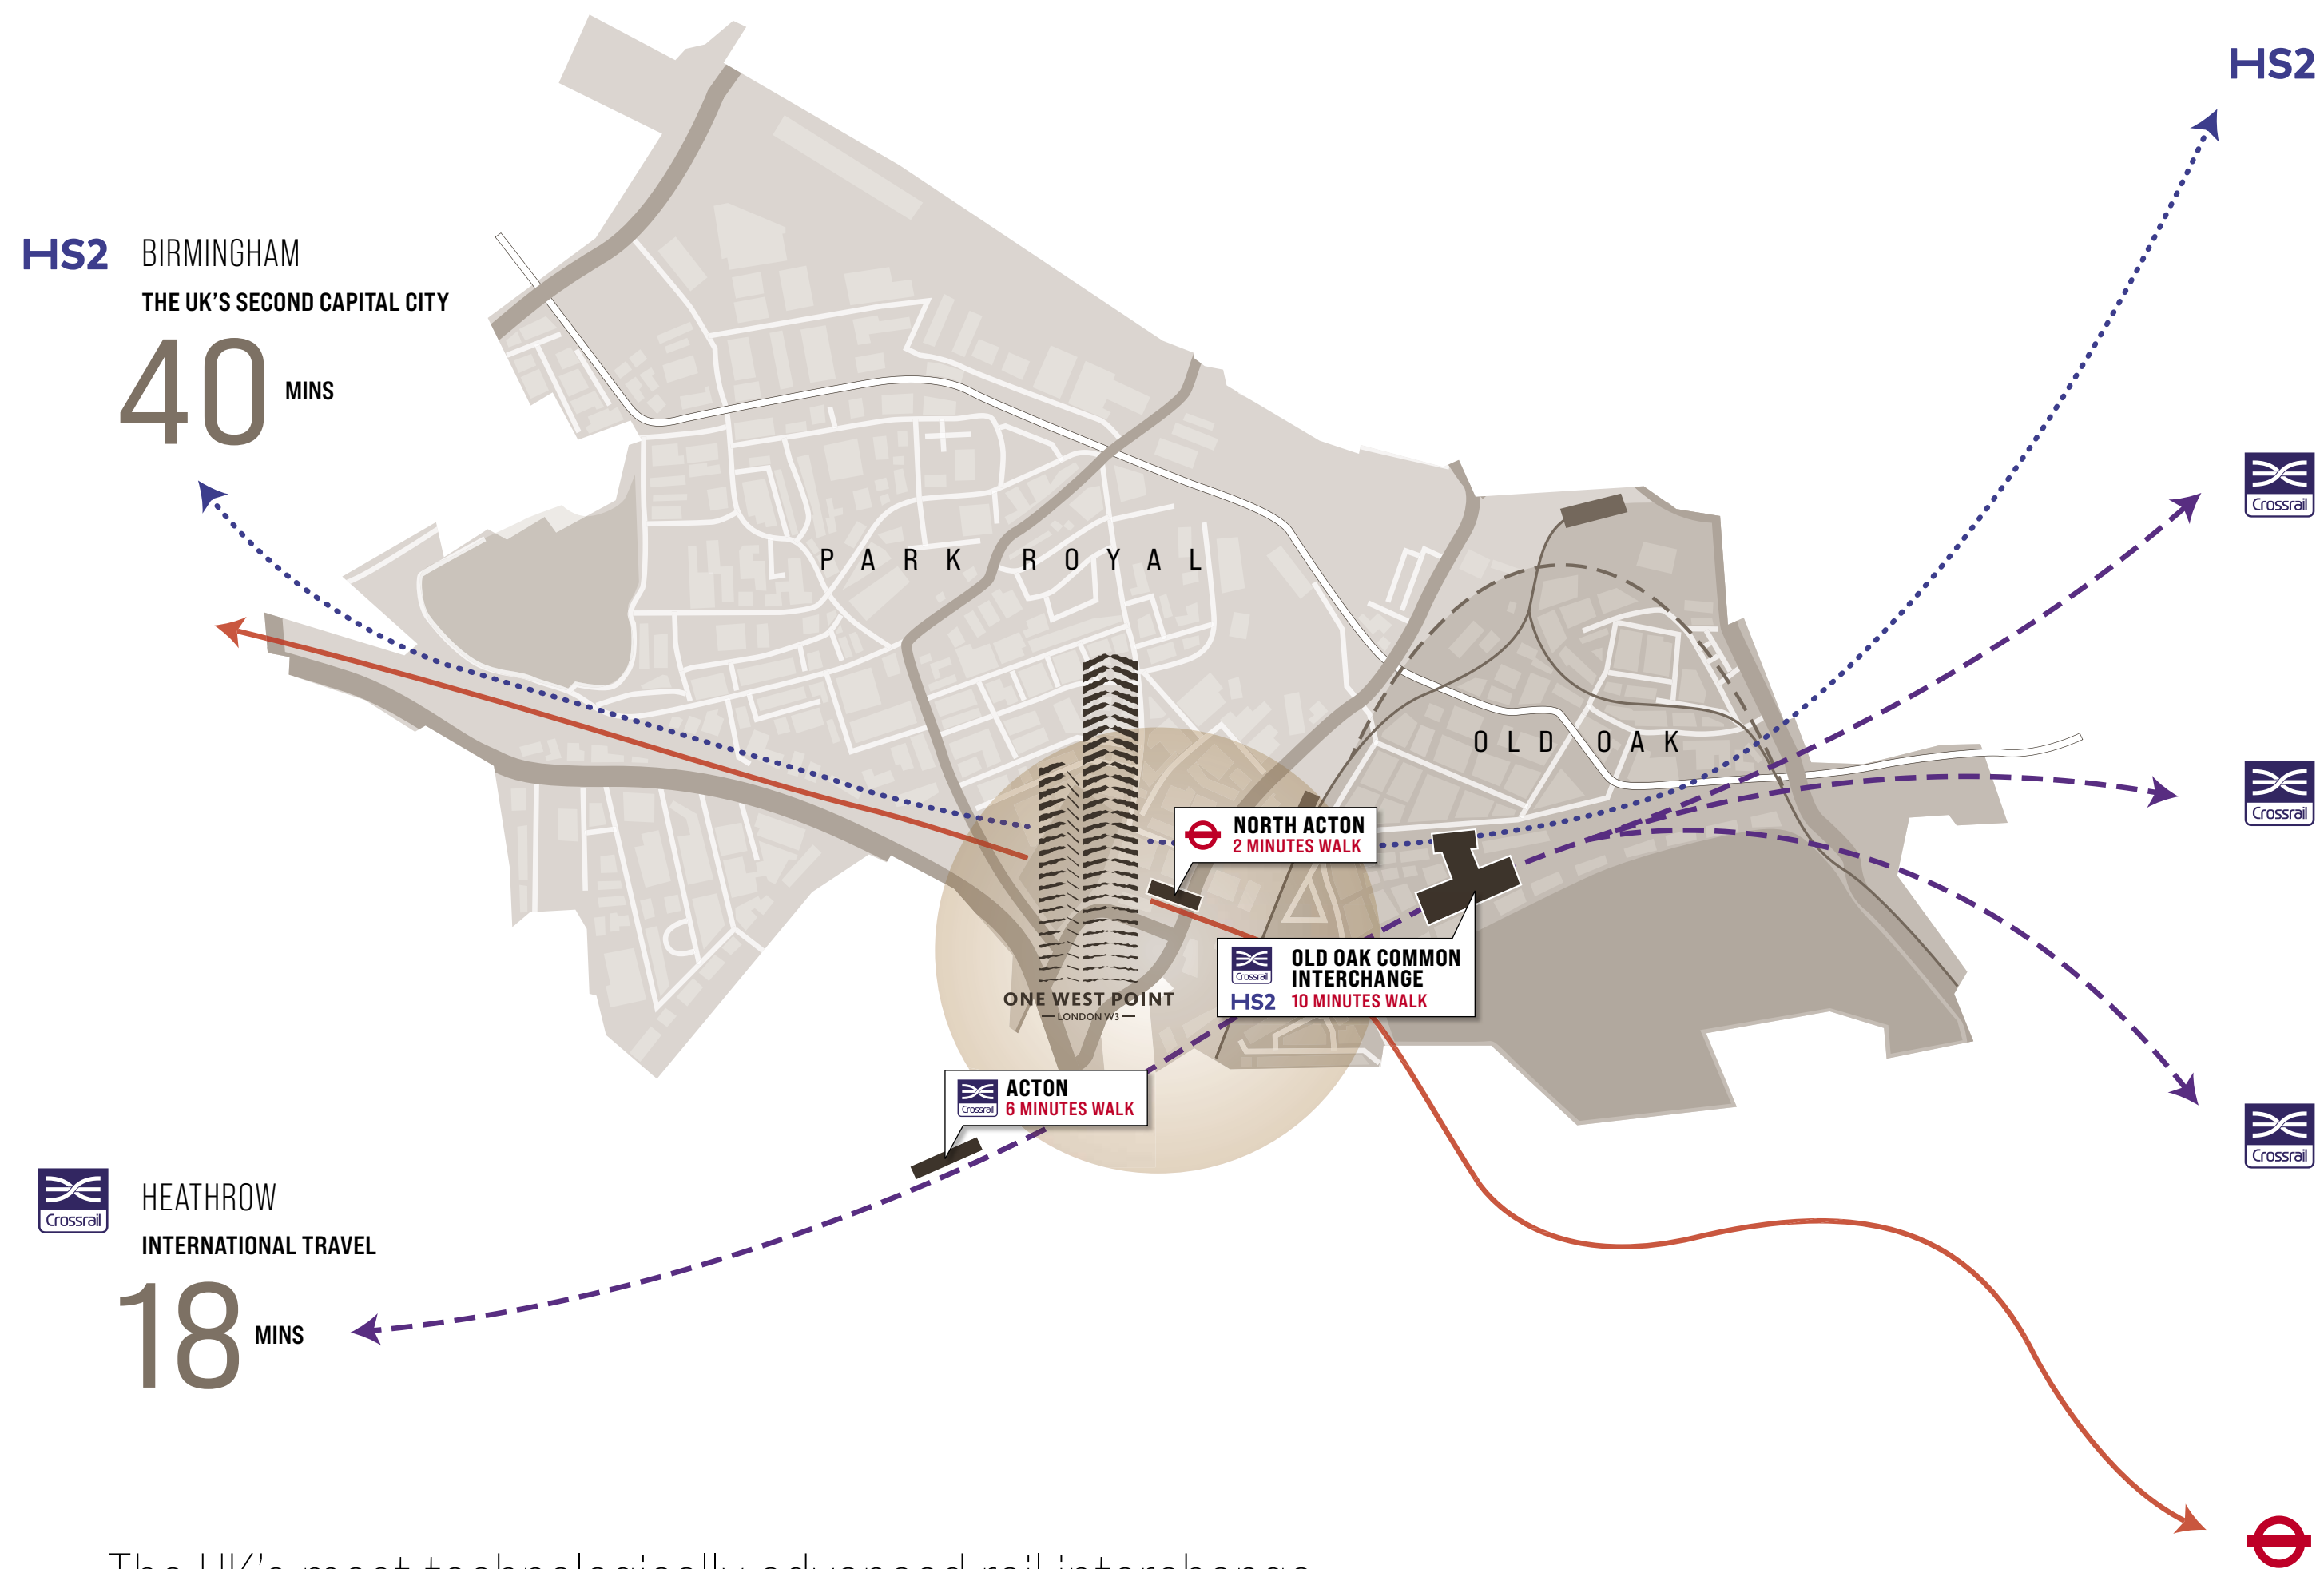

-  Residents will be 2 minutes walk from Central Line tube services at North Acton.
-  White City will be 4 minutes, Westfield 7 minutes direct on the Central Line.
-  Crossrail will operate from Acton (6 minutes walk) and Old Oak Common (10 minutes walk approx).
-  One West Point will be 6 minutes from Zone 1 connectivity via Crossrail.

The Capital's new focal point

WEST LONDON TAKES CENTRE STAGE

-  London's most advanced rail hub - Old Oak Common will be the only high speed interchange in the UK served by Crossrail and HS2.
-  The new interchange and transport network is projected to extend the catchment area for new commercial sectors bringing 250,000 additional people and 150,000 additional jobs to within an hour's journey of Old Oak.
-  Old Oak Common to Bond Street and the heart of London's West End will be 9 minutes direct on the Elizabeth Line.
-  London Heathrow Airport will be 18 minutes journey time.

WHITE CITY 2020

Regeneration

LONDON'S PROLIFIC NEW HOT SPOT

Key drivers of the OPDC £26 billion regeneration of Old Oak & Park Royal include:

- A dynamic road, rail and air travel transport infrastructure is already in place.
- HS2 will deliver a new £1.3 billion super hub high speed interchange in the heart of the district.
- 7 rail and tube lines will interconnect across the area.
- Park Royal is already recognised as the UK's prime manufacturing and logistics based district.
- London's population is projected to escalate to around 11 million by 2050 - residential and commercial growth can only greatly expand to the west.
- West London is already seeing unprecedented inward investment with the expansion of Westfield and Imperial College London at White City.
- The new visionary district will provide up to 25,000 new homes and some 65,000 new jobs.
- The district's commerce is projected to fuel the UK economy by £7.6 billion a year.
- Imperial College London are already expanding their campus facilities at Portal West with two major new sites (30,000 sq.m) in addition to their existing 690 unit Woodward building.

new district of Old Oak

The new UK super hub

AND GATEWAY TO LONDON, THE MIDLANDS & THE NORTH

Old Oak Common will be a £1.3 billion fast track interchange located around 850 metres from One West Point

Now under construction, the new rail hub will have 14 platforms - with six being built underground to serve the HS2 line, this engineering feat will define it as one of the largest subterranean structures in the world. An overbridge will link to the stations ground level platforms which will be served by the Elizabeth line. The entire station will be encompassed by a vast roof, with its design inspired by the site's industrial heritage.

- Old Oak Common is scheduled to open in 2026.
- The station complex will be located approximately 850 metres from One West Point - little over 10 minutes walk.
- The station is being designed to accommodate around 250,000 passengers a day - comparable to London Waterloo.

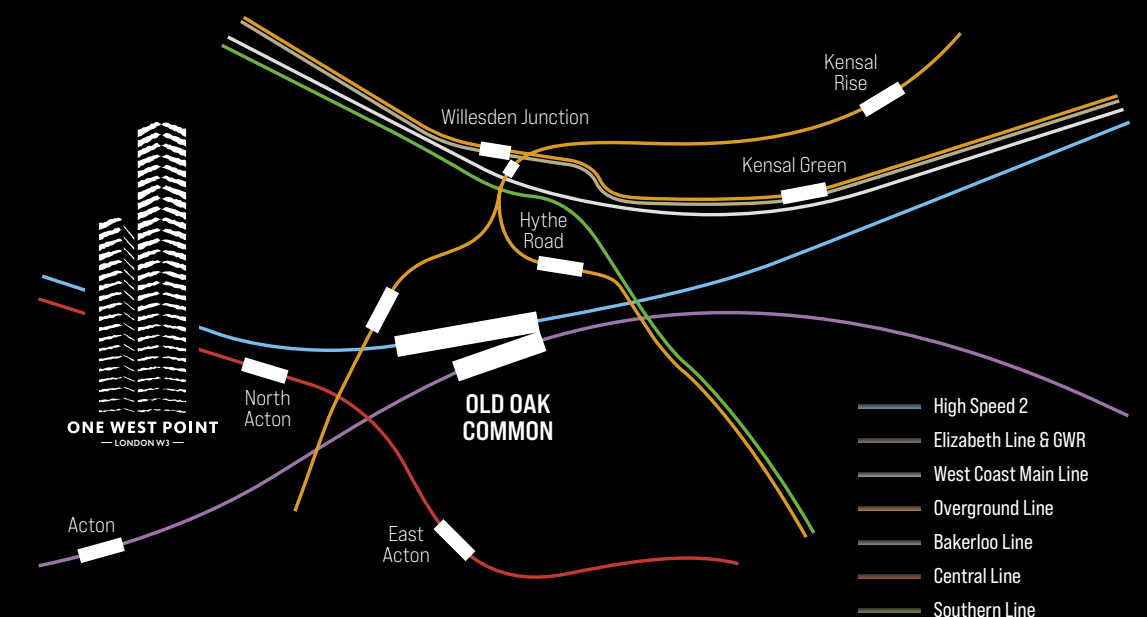

Old Oak Common. The Facts

- HS2 will provide up to 18 trains per hour between Old Oak and the North - putting Birmingham Airport at just 31 minutes travel time.
- The hub is projected to contribute to a £15 billion economic boost over the following 30 years.
- Crossrail will operate services into the West End in under 10 minutes and London Heathrow in less than 20 minutes.
- HS2 will help reduce carbon emissions by removing hundreds of lorries from road haulage as freight switches to rail.

“The super hub and adjoining interchanges will be the catalytic driver for development of the wider area”

London's newest cultural & academic quarter

White City

White City is now a high tech, ever expanding 17 acre district where leading academic, retail, cultural and leisure excellence merge into a world class showcase. Internally acclaimed establishments include White City House with its latest Soho House members club and hotel - offering 45 deluxe rooms and roof top pool, luxury fashion brand Ralph Russo, The BBC Television Centre and the dynamic creative hub of White City Place itself.

One West Point

Imperial College London

WHITE CITY

By 2022 ICL will have completed a 13 year transformation of White City - a £3 billion, 25 acre campus complex created to provide an unprecedented new research quarter for the Capital - just 4 minutes by tube from One West Point.

“ Times Higher Education 2020 ranks ICL as **one of the world’s top 10 universities** with an international student body of 56% ”

“ The new campus is partnered with China’s Zhejiang University (ZJU) to **elevate transnational entrepreneurship** while boosting the Chinese student population by around 40-50% ”

- Imperial College London has around 19,000 students including 10,000 undergraduates across its campuses.
- The principal focus is on 4 main areas - science, engineering, medicine and business.
- Student nationality remains predominantly from outside the UK (64%) with 21% from China and the Far East.
- Academic staff total in excess of 4,300 with 1,300 scientists, clinicians and engineers now located at White City.
- ICL works with more than 500 corporate partners helping turn cutting-edge scientific research into real world benefits for society.
- Over 6,700 degrees are awarded by ICL every year.
- Imperial is home to the greatest concentration of high-impact research, with a framework ahead of any other major UK university.

Data: 2018 - 2020

The £600 million, 740,000 sq ft expansion of Westfield London in 2018 increased the retail capacity to 2.6 million sq ft - making it the largest retail, dining, leisure and entertainment experience in Europe. The showcase is now home to some 450 luxury, premium and high street brands, stores and fashion boutiques.

Westfield London

WHITE CITY

Since opening in 2008, Westfield London has transformed London's retail landscape, rejuvenated the local area, revitalised transport hubs, seen massive expansion and now has a footfall of 28 million visitors a year.

Rising almost 600 feet, West 54 will be the tallest residential building outside Canary Wharf and the 16th tallest in London

THE DEVELOPMENT WILL ALSO PROVIDE SOME OF THE FINEST LIFESTYLE FACILITIES EVER SEEN IN THE CAPITAL

West 54 resident's reception foyer.

Entering West 54 will be an experience in itself. Residents will step into a double height reception foyer adorned with a fusion of green wall vertical planting and sleek linear profiling - creating a seamless blend of biophilic art form and sheer unashamed opulence.

West 54 residents' lounge bar adjoining the reception foyer.

The Kitchen and Icon Garden will be exemplars of raw urban charm, interior design that boldly blends concrete textures with green spaces, suspended spot lighting with hanging planters and above all, provides sophisticated, atmospheric space to wine, dine, relax, socialise and lounge in.

Inspirational dining amid sheer ambience

THE KITCHEN

The spectacular Icon Garden, with courtyard bar & raised level luxe kitchen

From the onset of conceptual thinking, the fundamental design of One West Point was influenced by the desire to create an entire new way of life, a set of buildings and spaces that could respond to 21st century living - a place to live, to work and to travel to and from with ease... but perhaps most importantly, to create exclusive apartments where residents simply need to use the elevator to immerse themselves amid world class amenities, indulge in 5-star recreational excellence and bespoke concierge services.

“ One West Point has not only achieved its design aspirations, it has redefined the meaning of luxury lifestyle. It is a new way of London Living - a destination above all others. ”

Spatial brilliance

RAW, ALIVE & EXPRESSIVE

The Icon Garden's courtyard will feature a fully glazed opening facade - looking onto the developments' central landscaped garden.

Co-working Tech Hub

The tech hub delivers work and 'thinker space' that will create a platform for one-to-one business up to creative workshops - a space to energise productivity and relax at the same time in the midst of a cutting edge, co-working community.

Gym & Wellbeing Suite

The gym and multi-zone studio will be equipped for every level and aspect of personal fitness - from endurance and body strength to agility, balance and total wellbeing. Facilities will also include workout classes or a personal one-to-one trainer.
